

Subject: Insurance Quote for My New Sunseeker

To whom it may concern,

I recently purchased a Sunseeker Manhattan 68 yacht and I'm looking for comprehensive insurance coverage. The yacht is 68 feet long and was built in 2022. It's currently docked at Marina del Rey in California.

Some additional details:

- Purchase price: \$3,200,000
- Max speed: 32 knots
- Sleeping capacity: 8 people
- Planning to use it mainly for coastal cruising, with occasional trips to Mexico

I have 10 years of boating experience, including 5 years with vessels over 50 feet. No accidents or insurance claims in the past.

Could you please provide me with a quote for full coverage? I'm particularly interested in options for liability coverage.
